30 APPENDIX
The purpose of this marketing and communications plan is to help the Santa Barbara Metropolitan Transit District (MTD) build its brand, increase awareness and retain and attract customers.

While many organizations simply react to marketing opportunities, this plan will help ensure that MTD consistently and purposefully aligns its communications activities with the agency’s most important strategic goals.

To that end, the plan sets out and expands upon the following key elements to guide MTD’s marketing and communications over the next five years.

**EXECUTIVE SUMMARY**

**CORE GOALS**

1. Improve customer experience and satisfaction.

2. Grow ridership and expand partnerships by marketing MTD services.

4. Promote alternative fuels and sustainability.
MARKETING TOOLS

MTD has a variety of communications tools at its disposal and an effective marketing plan makes strategic use of them all. The following tools are cornerstones of MTD’s marketing mix.

- Social Media
- Website
- Email Marketing
- Digital Advertising
- Traditional Advertising
- Video
- Media Relations
- Customer Information
- MTD Property and Vehicle Assets
NEAR-TERM OBJECTIVES

Combining each of these elements, the marketing plan outlines tangible, measurable objectives that work to achieve MTD’s core marketing goals. While a comprehensive list can be found on pages 14 – 26, below are five major marketing objectives that the agency plans to accomplish in the near term. These represent the most efficient and impactful ways MTD can use its marketing resources to immediately advance its core goals.

- Initiate an MTD brand refresh to improve awareness, public support and ridership — beginning with the 2017 Bus Schedule Guide
- Introduce a new real-time service information system to customers, including smartphone app
- Update the MTD website
- Strengthen relationship with UCSB and SBCC and market directly to their students and employees
- Promote MTD’s most robust and high-frequency service

LONG-TERM OBJECTIVES AND TIMELINE

In the end, this document is a roadmap to achieving customer-focused, end-to-end marketing and communications. Its objectives and timeline create a path for MTD to follow to ensure that its brand and messages are consistently applied to every aspect of the agency and that every communication is leveraged to increase awareness, grow ridership and build support for MTD.
**SWOT ANALYSIS**

A marketing and branding situation analysis was completed in early 2017. MTD’s marketing consultant conducted interviews with MTD staff and referenced existing ridership data and survey information. Comments and themes provide the basis for the revised MTD brand. Updated market research is recommended to enable MTD to further refine its market intelligence.

MARKETING CONTINGENCY PLAN

Marketing MTD does not happen in a vacuum. External factors will influence and affect strategies and tactics. The recommendations in this document can be scaled to fit changing budgets, schedules and staff capacity. Some of the factors that may impact the marketing plan include:

<table>
<thead>
<tr>
<th>RISKS</th>
<th>MITIGATION STRATEGIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>MTD staff capacity</td>
<td>Minimize reactionary marketing and public outreach. Select marketing and partnership opportunities based on ROI and alignment with marketing plan.</td>
</tr>
<tr>
<td>Changes to MTD staffing (reduction)</td>
<td>Identify interim staff persons to coordinate marketing plan implementation. Prioritize most urgent and impactful marketing activities.</td>
</tr>
<tr>
<td>Changes to MTD marketing budget</td>
<td>Reduce paid advertising. Minimize non-essential event participation. Rely more heavily on digital media. Phase “big ticket” marketing activities over several years.</td>
</tr>
<tr>
<td>External trends, policies and perceptions of public transit</td>
<td>Keep ahead of trends through strategic planning, careful industry observation and communication with partners. Leverage digital media to change messages and tactics quickly in response to changing larger social, political and economic developments.</td>
</tr>
<tr>
<td>Changes in technology</td>
<td>Monitor social and digital media trends in the general public, government agencies and the private sector. Adapt strategies to align with best practices.</td>
</tr>
</tbody>
</table>
Data measurement and analysis is the heart of any marketing program. On a quarterly basis, MTD will report on the performance of its marketing efforts. This information will allow the agency to continually and strategically adapt and improve its marketing program to achieve maximum results.

- Hits, Bounce Rates, and other Website Data
- Ridership
- End-User Actions through Digital Advertising
- Feedback from Community Leaders
- Social Media Reach and Engagement
- Survey Responses
- Impressions through Media Outlets
In April 2017, the Board adopted a new logo and color scheme for MTD. This is the first step in a branding refresh that will ultimately impact every aspect of the agency from the look of its buses, signage and property assets to its digital presence to the way MTD communicates with customers, partners and the community.

This appendix addresses both how and why a brand refresh is integral to the success of MTD’s overall marketing effort.

Over the next five years, MTD will embark on a systematic effort to apply and leverage this new brand across every part of the system. Due to the inherent limitation of transit agency funding, this change will happen gradually, but it will be guided by the principles, strategies and timelines below.
GUIDING PRINCIPLES: ESTABLISH, EDUCATE, ENGAGE

MTD’s new brand will:

• Establish MTD as a transit leader and provider of a valuable service to the South Coast community

• Educate about MTD’s services, accomplishments and innovations

• Engage the community to see MTD as central to addressing the region’s transportation and environmental issues as well as current and potential customers to move them to ride MTD

BRAND IMPLEMENTATION STRATEGIES

In rolling out the new brand across the MTD system, staff will:

• Opportunistically evolve the MTD brand, taking advantage of natural opportunities in the operational cycle when the agency invests in high-profile updates

• Implement tight control of graphic standards through a new style guide, messaging guide and designed templates

• Educate and inform the MTD Board and workforce and gain organizational buy-in

### Assumptions

a. Electric vehicle fleet not included in schedule. MTD and the City will collaborate with Downtown partners on rebranding the shuttles in the future.
b. This leaves MTD with 78 buses that will require refurbishment at some point and are reflected in the schedule above.
c. Assume an 8-year mid-life refurbishment cycle for the fleet. We typically forecast keeping buses for 15 years.

*Cost estimate is for repainting only.*
