

Invitation for Bids for Generator Transfer Switch Install *Addendum Number 1 – Issued August 21, 2026*

The Santa Barbara Metropolitan Transit District (MTD) issues this Addendum No. 1 to its Invitation for Bids for Generator Transfer Switch Install (IFB) issued July 27, 2026. This addendum updates the Statement of Work. This addendum is incorporated into and made a binding part of the IFB. Except as specifically modified herein, all other terms, specifications, and conditions of the IFB remain unchanged.

Sealed bids will be received at MTD, 550 Olive Street, Santa Barbara, CA 93101 until Wednesday, August 26, 2026, 9:00 AM (local time) when bids will be opened and read aloud.

MTD-initiated changes after August 19, 2026, Mandatory Job Walk:

The IFB statement of work stated: "A notice to proceed (NTP) will be issued once the contract is signed by both Contractor and MTD. Contractor performance shall commence, and all work on this project shall be completed within 30 days."

This is now amended: "Issuance of the MTD Purchase Order constitutes the Notice to Proceed. Project schedule shall accommodate verified equipment lead times, with all on-site work and commissioning to be completed within 30 calendar days of equipment delivery."

end of addendum
